Geetesh Mehuria

Full Stack Web Developer

PROFESSIONAL SUMMARY

Versatile Full Stack Web Developer proficient in MERN stack, demonstrating expertise in solo and collaborative project development. Adept at crafting scalable and responsive web applications, employing a strategic blend of technical acumen and collaborative problem-solving. Excels in translating client needs into innovative and efficient solutions.

PROJECTS

1. Samrat Hospital | 🌐 | 📱

HTML | CSS | JavaScript | React.js | Redux Toolkit | Chakra UI |

Tailwind CSS | JSON Server

- Developed an online doctor appointment application, Samrat Hospital.
- Created a user and doctor data JSON server API.
- Handled exceptions, validations, GitHub repository, and deployment aspects of the application.
- Collaborated with a team of 4 members to complete the project in 5 days.

2. Travelo | 🌐 | 📱

HTML | CSS | JavaScript | Sass | Node.js

- Engineered Travelo, a platform for seamless booking of sporting events.
- Implemented user registration, authentication, and product pagination with filtering.
- Employed HTML, CSS, Sass, JavaScript, and Node.js.
- Collaborated with a team of 5 members, achieving project completion in 5 days.

3. Gusty Adjustment | 🌐 | 📱

HTML | CSS | Sass | GitHub

- Developed an in-depth blog page with a navigation bar, blog page, comments section, author section, related fields, and footer.
- Used HTML, CSS, Sass, and Git to craft a static blog page based on Figma design.
- Ensured responsiveness of user cards and developed the map section on the contact page.
- Collaborated with a 5-member team to deliver the project within a 5-day timeframe.
